ALMANHAL

Why Al Manhal

Al Manhal is the leading Arabic electronic information provider. We are the world's only provider of full-text searchable databases of scholarly and scientific publications from the Arab world.

Al Manhal combines deep publishing and library expertise with best-in-class technology to enable university, government, corporate, school and public library users to efficiently discover and access thousands of eBooks, eJournals, eTheses, intelligence reports, and conference proceedings from the Arab world's leading publishers and research institutes.

Technology

Al Manhal's award winning multi-lingual research platform maximizes research productivity and quality. Our powerful search and discovery tools include:

- Full-text search
- Contextual linking, highlighting & annotating
- Personal bookshelves
- Unlimited simultaneous access
- "MARC21" records (RDA compliant)
- Automatic citations with **ENDNOTE**, **RefWorks** and **ctavi**
- COUNTER compliant usage reports
- IP range, remote access, proxy, Athens and Shibboleth authentication methods

Authoritative Content

Our Collection Development Librarians handpick the content in order to provide our library customers with only the highest quality products and services:

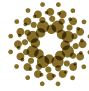

- 100% copyright protected
- Authenticity of content
- Peer-reviewed standards
- Library of Congress classification standards
- Content Indexed by leading discovery services
- Continuous growth in titles at no extra cost

eBooks

Al Manhal offers thousands of eBooks from the Arab world's leading publishers, across a diverse range of topics, with more being added every week.

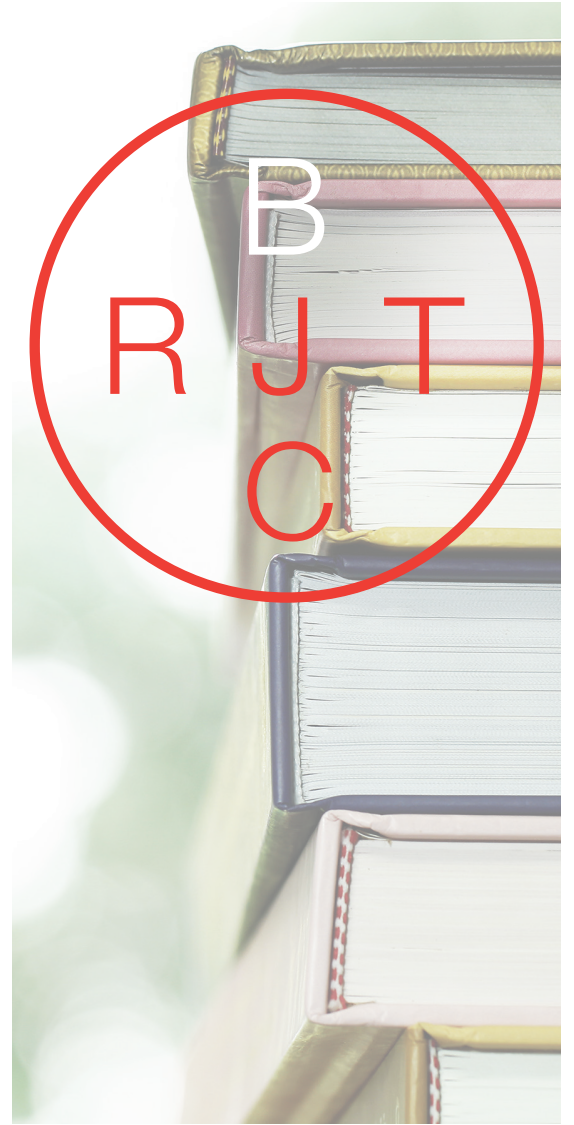

We make it as easy as possible for our library customers to build their eBook collections by organizing our titles into subject area collections that can be subscribed to or purchased (Perpetual Access).

eReports

Database

Mid-east Database of Intelligence Reports & Analyses

Al Manhal Mid-East Database of Intelligence Reports and Analyses (MEDIRA) is a full-text searchable database of aggregated news and analyses of current affairs, and in-depth intelligence regarding political, economic, social and security think-tanks across the Middle East, published by the region's leading think tanks and research institutes.

MEDIRA Collections

1. Daily Article Summaries & Highlights (DASH)

Focusing on contemporary Arab-Israeli issues, DASH are daily eReports from leading Arab publishers and think-tanks. They provide up-to-date information and are an immensely valuable tool for students, researchers and analysts specializing in Middle Eastern Political Science and International Relations. Our DASH collection includes:

- Jaleel Reports DASH
- Jerusalem in the Jordanian Press & al-Quds Jerusalem Newspaper
- Middle East Insider (Coming Soon)

2. Middle East Intelligence Reports & Analyses (MEIRA)

Weekly, monthly, quarterly and annual reports critical for any student or practitioner of Middle Eastern economics, political science and security sciences. Our MEIRA collection includes:

- Military Report
- Economic Report
- The Strategic Assessment
- The Special Weekly Report
- Saudi and the Gulf
- The Yellow Group
- Analysis by Ghazi Saadi
- Iraq and Iran in Israeli Press
- Israeli Government Affairs
- Specialized Madar Report
- Policy Analysis (Coming Soon)
- Case Analysis (Coming Soon)
- Al-Bayan (Coming Soon)

eClusters

eClusters are curated collections that collate in-depth analyses from a wide variety of publications. They allow researchers to delve deep into a topic with carefully selected collections of eBooks, eJournals, eReports, eTheses and other content types to facilitate efficient and accurate research in a specific subject-area or discipline.

Database

Islamic Finance Hub (New)

Due to high demand for Al Manhal's Islamic Finance journals, we have created a new specialized database of content comprised of books, journal articles, standards, conference proceedings, white papers and reports on Islamic finance and banking. The collection provides policy institutes, economic think-tanks, government regulators, banks, law firms and academic institutions with critical research and analysis of the latest trends and applications of Shari'a compliant finance, economics, banking and law.

Subject areas covered in this database include:

- Islamic financial services
- Islamic capital markets
- Corporate governance
- Zakah
- M&A
- Regulatory affairs
