Родина: Российский исторический иллюстрированный журнал.

Motherland: Russian historical illustrated journal.

The journal is remarkable in many aspects. The articles on history, culture and religious themes are of scholarly and educational character. One can find much interesting and valuable information on the history and culture of medieval Russia. At the same time the style of writing is fascinating and easy to comprehend. Every edition is dedicated to a particular historical period of Medieval Russia thus making the information logically presented. Highly positive feature of the journal is that it is abundantly illustrated with color photographs, pictures, drawings, maps of top quality.

Алгебра и Логика.

Algebra and Logic.

This journal publishes results of the latest research in the areas of modern general algebra and logic considered primarily from an algebraic viewpoint. The algebraic papers, constituting the major part of the contents, are concerned with studies in such fields as ordered, almost torsion-free, nilpotent, and metabelian groups, isomorphism rings, Lie algebras, Frattini subgroups and clusters of algebras. In the area of logic, the periodical covers such topics as hierarchical sets, logical automata, and recursive functions.
