IN THE SPOTLIGHT

Russian eBooks from LitRes

We are proud to bring to your attention LitRes, the largest Russian ebooks aggregator, which has been successfully operating in the Russian market since 2006. LitRes has contracts with major publishing houses in Russia (Eksmo, AST, Olma, etc.) as well as with many popular authors directly, such as Boris Akunin, Eugene Grishkovets and many others.

LitRes provides online access to the modern and popular fiction and non-fiction across a diverse range of subject areas, largely reflecting the shelf content of Russian bookstores. Today the catalog contains more than 55,000 licensed electronic books and the range is continuously growing. New bestselling ebooks are available at LitRes within 2-4 weeks after their appearance in the book market. A large part of ebooks is

distributed exclusively.

In 2010 LitRes launched a new project at www.lib.litres.ru aimed at libraries.

We invite libraries to access the rapidly growing collection of ebooks or select from 21 genre collections and start subscription offered on annual basis. Contact us at eresources@mippbooks.com for details and free trials.

CHANGES AND DEVELOPMENTS

Thousands of Publishers in eLIBRARY Catalog

Scientific Electronic Library eLIBRARY.RU is the leading Russian information portal in the field of science, technology, medicine and education, which contains abstracts and full texts of more than 14 million scientific articles and publications from Russian and foreign publishers. The website has a searchable catalog at <http://elibrary.ru/publishers.asp> with more than 8700 publishers where you can search and sort publishers by country, region or city, number of publications or citations. The publisher's page contains contact information and a link to the lists of journals available at eLIBRARY.RU.
