Жанр: Политика, политология

читать

Современная российская политика построена таким образом, что люди имеют возможность задавать любые, самые острые вопросы своему Президенту и ожидают получить на них подробные и честные ответы. Но не всегда простых людей интересуют проблемы, лежащие вне круга их повседневных забот. Стратегические государственные интересы – это то, о чем Президент постоянно говорит, донося суть важнейших для нации вопросов до всех граждан страны. В книге представлены гипотетические вопросы, которые честный и патриотичный гражданин мог бы задать

Путину, и ответы Президента на них.

The contemporary Russian politics is built in such a way that people have the opportunity to ask their President any question no matter how sharp it might be and expect to get a detailed and honest answer. But rarely are ordinary people interested in problems that surpass their everyday worries. The President is constantly addressing issues of strategic importance to the state in an attempt to convey their essential meaning to all the citizens. This book presents some hypothetical questions an honest patriot might have asked Putin and the President's answers to these questions.

This ebook and other 230 bestselling ebooks on Russian Politics at [http://lib.litres.ru/pages/biblio\\_subgenre\\_by\\_pop/?subgenre=407](http://lib.litres.ru/pages/biblio_subgenre_by_pop/?subgenre=407) are available through subscription to Science and Education Genre Collection. Besides, this collection includes thousands of ebooks on History, Sociology, Linguistics, Law and other subjects.
